

ProQuest Scavenger Hunt

(Science: SIRS Discoverer or eLibrary Elementary)

Find each item below. Please answer the questions☺

1. Find a picture of the body of a butterfly. What are the names of three main parts of a butterfly?
2. Find a picture of an electric circuit. What is an example of an energy source in this circuit?
3. Find a video about the Space Shuttle. How many missions have occurred in that time and how many miles have been logged?
4. Find a video or article about how to make a cloud. What supplies would you need for this experiment?
5. Find a website about Science experiments. What project looks good to you? (HINT: Try the Topics or Subject Headings search)
6. Find a website about Plant Parts. What part of a plant is a carrot? (HINT: Try the Topic tab or Subject Headings and type plant parts)

7. Find an article from Child Life magazine entitled, "Are you Feeding your Skeleton?" What is one important thing to eat to have strong, healthy bones?

8. Find an article entitled, "Big Snows Threaten Big Cats," from Weatherwise magazine. What kind of cats are being threatened and where?

9. Find an article on "Minerals, Rocks and Gems," from the World Almanac for Kids. What are the 3 different types of rocks?

10. Email an article to your home on a Science topic of your choice.
